EDITOR INTELLIGENCER:-The people of th county are more interested in the public highways than any other subject now before then In the first place we want to know whether w law to keep people from trespassing on them. Then we want the road tax paid in money, the verseers to hire work done, and not have to depend on farmers who are always busy at the me work is most needed. My experience as verseer is, first, it is hard to get the farmer out it the proper time to work the roads. Second, one half do the work, and the other half nothing. My plan would be to gut a poll tax of one dollar per head on all males between 21 and 60 years to be paid in money, then a property tax large enough to keep the roads in proper condition. think this a matter our county papers should take more intest in and bring the matter before
